1. Introduction

Only one issue left of the season! Let me remind you to sell off the players you won't want next season to the non-league now, before they lose considerable value in the season break.

Since the issue is on time, I will stick to the previously published dates for next issue:

The early deadline for issue 12 is Friday October 7, at 21:30 CET.
The deadline for issue 12 is Friday October 14, at 21:30 CET.
Publication of issue 12 expected latest Wednesday October 26.

Since we have the season break coming up after issue 12, I'm not going to forecast deadlines beyond saying that the issue 2 deadline will under no circumstance be earlier than November 18. I think it'll be later than that.

If you have heard nothing by the expected publication, feel free to get in touch to check up on it.

Next issue, you send orders for:
* match days 21 and 22 in the league (see section 12)
* the Rosedale Knockout final

This round, the home advantage remains 9 VP. The home team is listed first in the league schedule. All cup games are on neutral field (no home advantage).

In addition, as always, you send coaching. Optionally, you can also discover talents and buy/sell players.

By the time you read this, I have already sent out your teams. If you haven't received it, please get in touch.

2. Broadcast messages

Jed Stone, Frillby United:

«A report with the title 'The Pan Galactic Gargle Blaster and its effect on Football' was published yesterday. It was commissioned by Lady Estdale, the Chairwoman of BLASTA, the organisation dedicated to 'Blasting the insidious Gargle Blaster' from the face of the planet. Unfortunately for the members of 'BLASTA' the report, unexpectedly, does not support their case. The report shows that the consumption of PGGB amongst fans prior to a match has risen during the last two seasons. Unexpectedly the incidents of vandalism and violence has dropped by 68% when compared with the figures from the seasons before that. The Commission put the drop in hooligan rates down to the fact that fans drinking PGGB before a match rarely make it to the turnstiles. Their day ends sleeping in a drunken stupor under someone's front hedge or in a cell of a nearby police station. The statistics for pre-match 'BAA' (Blasted and Asleep) arrests has risen by over 60% in the same period. At the same time, the commission could not find any evidence that the PGGB was in use in any club other than Slartybartfast FC. In fact since the World Cup incident in 1964 when the Ladies Team was thrown out of the competition because they celebrated with PGGB's, most teams have banned its use by their players though odd incidents still occur. In its conclusion the report does suggest that as Slartybartfast are the only team using and thriving on Gargle Blasters they may be aliens from a distant galaxy and as such should not be playing in a States League.»

3. Apprentices discovered
