1. Introduction

Hi and welcome to Rosedale Open! I hope we have a lot of fun and some healthy competition ahead of us.

First of all, let me say that the rules, and the design of this report, basically everything, is heavily plagiarized from the Nightmare League, run by Trond Botnen. Thanks to Trond!

Let me also mention that those of you who have less than 3 players of age 0 should keep in mind that they need quite some training to be useful later, so that you won't want to delay discovering them too long. Another thing to mention is that the Rosedale Knockout is played on neutral field, thus there is no home advantage to either team. Remember your home advantage for your league games!

The home advantage is 6 VP. Match 1 and 2 are played next round, as is the first round of the Rosedale Knockout.

Your teams will be sent out soon.

The deadline for submission 1 is Friday, February 6, at 2130 CET.

And of course, now I'm sitting here wondering - what did I forget? If you notice something, please do let me know.

2. Broadcast messages

No messages have been received for this issue. Feel free (or encouraged) to send broadcasts to the coming issues!
