1. Introduction

Hi all!

Here are the latest results. Please check for errors, and let me know if you find any!

It's that time of season where if you know anyone who would like to play with us, or you'd like to start a new club, now's a great time to let me know. Likewise, if you wish to retire one or more clubs, a heads up would be good.

The early deadline for issue 12 is Friday February 20, at 21:30 CET. It's always Fridays at 21:30 CET.

The deadline for issue 12 is Friday February 27, at 21:30 CET. It's always Fridays at 21:30 CET.

Publication date for issue 12 is Wednesday March 18. It might be out sooner. If you have heard nothing by the expected publication, feel free to get in touch to check up on it. You can also check the following page, which gets updated at the same time as I send out the Sun:

<https://pvv.org/~janbu/rosun.html>

Next issue, you send orders for:

- * Match days 21 and 22 in the league (see section 12)
- * the Rosedale Knockout final

This round, the home advantage remains 9 VP. The home team is listed first in the league schedule. All cup games are on neutral field (no home advantage).

In addition, as always, you send coaching. Optionally, you can also discover talents and buy/sell players.

Orders that reach me before the early deadline clearly marked «final» waive your chance to change them, in return for a cash bonus of 20 kKj to your club. Optionally, you can let me know your orders are «always final» - an option for those of you who never change your orders anyway.

By the time you read this, I have already sent out your teams. If you haven't received them by the day after the publication, please get in touch.

2. Broadcast messages

Michael Hellige, Feyenoord: «Feyenoord vs. Currents, first act...

Will this be the decision in championship race, or will there be two thrillers in the last round?»

Jed Stone, Frillby United:

«The flying saucer rose silently into the air and then winked out of sight as its Rosline drive kicked in. The saucer crew had been harassing a passing airline pilot when they spotted a 'hikers towel' and dropped down to see who required a lift. As a result the winged pig was now on its way back to it's native planet. As a thank you it had left Thongral it's nest in the oak tree. He was well pleased as it was in a better condition than his own. .

'One problem solved,' said Ben mouse as he folded up the towel he'd used to attract the attention of the saucer crew.

Time shook itself and rippled back into shape and Ben was back in the Slartibartfast changing room examining their supply of Pangalactic Gargle blaster's.

'This,' said Mollpat, 'is definitely a bad, probably an illegal, batch of Gargle Blaster juice'.
Ben was about to agree when he found himself talking to his friends again by the oak tree.
'..and Daisy's Friends beat Atrix 16 - 1,' said Hallifax. 'That's another anomaly. Ten to one would have been more realistic.. even though their keeper is a short sighted wombat. Seems to me that the laws of improbability are being stretched out of shape.'
'If we can figure out what's going on, we may be able to win big on the pools' said Thongral brightly.
'And Saint Brevin could top Div 2,' said Ben, who was getting dizzy from flipping between the changing room and the playing field.»

3. Apprentices discovered

None.
