1. Introduction

Hi all!

That concludes the 35th season. Thanks to everyone for participating!

The issue is six days late. My apologies for the delay. Please check for errors, and let me know if you find any.

For the awards and congratulations, see section 15 - no spoilers here! If any of you know of someone who would like to play with us, or would like to start a new team yourself, please let me know as soon as you can. Likewise, if you plan on retiring from one or more clubs. I've heard from less than half of you about clubs for next season; unless I hear anything, I am likely to make assumptions based on whether or not you have regularly submitted orders throughout the season.

Next issue, you send orders for:

* Nothing! (issue 1 is the season kickoff issue)

Publication date for issue 1 is Wednesday April 29. It might be out sooner. If you have heard nothing by the publication date, feel free to get in touch to check up on it. You can also check the following page, which gets updated at the same time as I send out the Sun:

<https://pvv.org/~janbu/rosun.html>

I will send out your teams with issue 1.

2. Broadcast messages

Jed Stone, Frillby United: «Ben Mouse planted his four paws firmly on the changing room floor and concentrated hard on Mollpat who was still examining the keg of Galactic Gargle blaster, completely oblivious to the fact his companion was zoning between realities.

"I find it totally improbable that a batch of Pan Galactic Gargle Blaster could be ruined for want of an olive. Every barrel of the substance is overseen from start to finish by a Zootfrog. With out a Zootfrog the substance solidifies into a solid mass. The only thing the frog does is put the olive into the barrel. No olive. No liquid!"

"That sounds highly improbable," said Ben as time changed gear and dropped him back with his friends.

"..would you consider, " continued Hallific, "Magical World's ten nil win over Atrix to be due to the Atrix team being pants or so improbable that its impossible to be probable and must be improbable!"

"It's highly unlikely to be improbable as the only known improbability drive is in the Heart of Gold which remains behind the moon, " said Benzruth.

"...And Zephod is a regular in Slartybartfast's line up, which is also an improbability," said Ben.

"Parden?" said Mollpat looking from the keg he was examining.

"End of the season is nigh," thought Ben, "but which results are real and which impossibly improbable and why?" »

3. Apprentices discovered

None.

Rosedale Premiership Match day 21 =====
